Pediatric Occupational & Speech Therapy Services

“HOW DOES YOUR ENGINE RUN”
The Alert Program 2010
7 years and up

Emerge is pleased to offer the Alert program as part of our summer programs this year. The Alert program is a systematic means to teach children how to identify where their energy, attention and focus is (too high, too low, or just right) and what to do to change it. At the end of the summer, children are expected to have a personalized ‘tool belt’ of activities and materials that are effective for them and the ability to:

- Goals include:**
1. Correctly identify energy/arousal levels in others.
 2. Identify energy/arousal level in self.
 3. Learn about and practice implementing a variety of sensory strategies (movement, touch, oral, auditory, visual).
 4. Identify at least five strategies that can be used to bring their personal level of energy/arousal to just right.
 4. Create a personalized fanny pack with support materials.
 5. Begin to independently implements sensory strategies appropriately..

When: June 24 – Aug 12

Days: *Thursdays in Durham*

Time: 3:30 – 5:30 p.m. There will be a one hour parent educational meeting held one week before camp starts, on June 17th at 6:30 pm.
